If applicants do not receive any acknowledgement of receipt of applications by means of SMS or in writing from the SFO within 20 working days after submitting their application form, please call the SFO's enquiry hotline (2802 2345) to check whether their application has been received by the SFO to avoid delay in application due to wrong / unsuccessful delivery.

(v) If there are substantial changes in the applicant's family particulars (e.g. family composition, financial position, etc.) after the assessment period (from 1 April 2021 to 31 March 2022), the applicant may inform us in writing together with relevant supporting documents. The SFO will consider each case on its individual merits.

THE MEANS TEST AND LEVELS OF ASSISTANCE

(i) The SFO will use the "Adjusted Family Income" (AFI) mechanism as the means test to assess the eligibility of a family for student financial assistance and its assistance level. The formula is as follows:

$$AFI = \frac{\text{Gross annual income of the family}}{\text{Number of family members} + 1}$$

- (ii) Gross annual income of the family includes the annual income of the applicant and his / her spouse; 30% of the annual income of unmarried child / children residing with the family if applicable; and the contribution from relatives / friends if applicable.
- (iii) The members of a family normally refer to the applicant, his / her spouse, unmarried child / children residing with the family and the dependent parent(s) who are supported by the applicant and / or his / her spouse.
- (iv) For single-parent families of 2 to 3 members, the "plus 1 factor" in the divisor of the AFI formula will be increased to 2.

(v) The AFI eligibility benchmarks for various levels of assistance in the 2022/23 school year are listed in the table below. Please note that the AFI is not the average monthly income of a family.

2022 / 23 school year - AFI Groups (HK\$)	Level of Assistance
0 – 42,559	Full (100%) *
42,560 – 82,295 #	Half (50%)
> 82,295	Ineligible (applications not successful)

* AFI thresholds for full level of assistance for 3-member and 4-member families are \$51,523 and \$47,402 respectively in the 2022/23 school year. For 2-member single-parent families and 3-member single-parent families, they are regarded as 3-member families and 4-member families respectively for determining the AFI thresholds for full level of assistance and calculation of AFI.

For financial assistance for pre-primary students, the level of assistance is 3/4 (75%) if the AFI of the families is between \$42,560 and \$52,133; and the level of assistance is half (50%) if the AFI is between \$52,134 and \$82,295.

RELEASE OF SUBSIDY

- For financial assistance for primary and secondary students, the SFO will disburse financial assistance by autopay to the eligible applicants. (Note: The provisional amount of TA and SIA are normally disbursed to eligible applicants starting from around end July / August whilst the STS is normally released from around end October / early November onwards. New applicants will normally be disbursed with the subsidies in or after end October / early November.)
- For financial assistance for pre-primary students, approved amount of fee remission will be paid to the kindergartens / child care centres concerned directly by the Treasury in about 10 working days after the issue of notification of result with fee remission amount. The Grant for School-related Expenses for Kindergarten Students will be disbursed by autopay to the eligible applicants. (Note: The SFO will disburse fee remission to the successful applicants through the schools concerned and the Grant for School-related Expenses for Kindergarten Students through autopay to the bank account of the eligible applicants by batches starting from end September 2022.)
