We are truly grateful for the continuous trust and encouragement of you and your colleagues to send your students to our school. Since the application for the Secondary One discretionary places of aided schools will start very soon, I shall appreciate if you could kindly bring the attention of your parents and colleagues to the below, in order to provide more information as a reference during the process of choosing secondary schools. Our school's arrangement of Secondary One discretionary places is as follows:

Application forms can be obtained in person at the school general office during office hours (9a.m. to 5p.m.), or downloaded from our school website. Applicants should submit the documents, together with the completed school's application form to the general office (Applicants may also choose to submit DP applications via the SSPA e-Platform).
2. Our school notify successful applicants of their inclusion in the Successful List for S1 Discretionary Places (31/3/2026).
3. With the strong support from the Incorporated Management Committee, we aim at equipping our students for university education. Our goal is to utilize three years' junior study to boost the learning competency of all junior form students to "the first 20% batch in Hong Kong", in order to lay a foundation to help them to pursue tertiary education. In the meantime, junior-form Chinese Language classes, which adopt Putonghua as the medium of instruction, are available for students to choose from, aiming to further enhance their proficiency in Putonghua and Chinese.
4. There are four S1 classes in the school year 2026/2027. We adopt English as the medium of instruction and, therefore, we are expecting all prospective S1 students to have solid foundation in English.
5. Our student achievements in HKDSE and university entrance are remarkable.

6. There are facilities catering for the disabled students, such as elevator, handrails and disabled toilets, in our school.
